Introduction to Yr7

A Guide to your child's Induction at St Joseph's

Day 1

Your child's first day will include spending a morning with their form tutor. This will include:

- A Welcome assembly
- Giving out their personal timetables
- Providing and demonstrating how to use a planner effectively
- A school tour: requested by pupils on their transition day
- A demonstration of how to use the school lunch system
- "Early" lunch to become familiar with the canteen arrangements
- "Early" finish to the school hall to ensure all pupils are on buses safely

First Days

Your child will begin to follow their personalised timetable, they will have a range of lessons, some that are with their form and some that are not. Your child should receive their PE Kit, if you provided your order by 19th July. Your child will have a Year 7 photo, both an individual shot and a form group photo. Your child's form tutor will monitor how your child is settling in and address any worries or concerns.

First few weeks

Your child will sit some baseline assessments to help inform the school of any additional support your child may need at St Joseph's. Your child's form tutor and Mrs Horridge will work closely with your child to ensure that their transition to St Joseph's has been as smooth as possible and that your child is happy.
