12th January 2018

Dear Parents/Carers,

To support students to make the most of Year 11 and achieve their potential in their Combined Science GCSEs we are continuing to offer after-school revision sessions every Thursday, from 3.30-4.30pm.

These sessions will focus on embedding the key ideas in Biology, Chemistry and Physics; building confidence and exam technique; developing skills to revise independently; and preparing for the more challenging exam questions that require application of understanding. The topics covered are identified through prior assessment as being areas that students struggle to understand.

Your child has been identified (using assessment data and their mock scores) as needing additional support to achieve their target in Combined Science. As such, they should attend the sessions on a weekly basis – beginning Thursday 18th January. Your child's progress will be monitored regularly to assess the impact of this revision.

Please discuss this with your child and return the reply slip below to myself to confirm attendance.

Yours sincerely,

Miss L Miller
Head of Science

I **would / would not** like my child _____ to attend
Science Intervention beginning on Thursday 18th January 2018.

I understand the sessions will run until 4.30pm and will make adequate arrangements for my child to
make their own way home or be **picked up from school**.

Signed [Parent/ carer] _____

Date _____
