3rd October 2016

Dear Parent/Carer,

Your son/daughter completed the first Maths Assessment of Year 11. The aim of this is to provide an accurate picture of the skills each pupil has gained to date, and more specifically, to identify the topics that must be mastered to improve your child's chances of success in the summer exams. For this purpose, please review your son/daughter's Maths book where you will find pupils' grades achieved in the Assessment and a list of skills that must now be revised ready for a re-test. The relevant Mathswatch clip has been identified for each skill gap so that pupils can readily identify each tuition video, and a homework booklet has been provided for each pupil to complete prior to the re-tests, which will be held week commencing 17th October. Mathswatch login details can be found on the front cover of each pupils' Maths book.

Please return the reply slip below to your son/daughter's Maths teacher and contact Mrs Taylor or Mrs Walsh should you have any queries. We ask for your support in ensuring that all relevant homework questions are completed, and look forward to working closely with pupils and families this year as we aim to secure the best possible outcomes for each pupil.

Yours sincerely,

Mrs Y Taylor  
Head of Mathematics

Mrs K Walsh  
Assistant Headteacher - Standards

---

I have received the letter regarding the Maths Assessment dated 3-10-16.
